

Eamonn Sexton

Network Technician

✉ Eamonsexton94@gmail.com ☎ 0750821019 ⊕ Open to Global Opportunities

SOFTWARE

- › MS Office (Excel, PowerPoint, Word)
- › Python
- › SQL
- › GraphPad

NETWORKING

- › Packet Tracer (Network Dev.)
- › IP Addressing & Subnetting
- › MAC Addressing
- › Network Infrastructure
- › Network Design

CLOUD

- › PaaS | SaaS | IaaS

HARDWARE

- › Routers & Switches
- › Modems, Hubs & Cabling
- › NIC

TROUBLESHOOTING

- › Computer Infrastructure
- › Mobile Devices
- › Virtual Machines
- › Networking & Printers
- › Operating Systems

PROFESSIONAL SKILLS

- › Writing & Communication
- › Analytical & Problem Solving
- › Time Management
- › Teamwork & Collaboration

TOOLS

- › Packet Tracer
- › MS Office Suite
- › Python / SQL / GraphPad

PROFESSIONAL SUMMARY

Recent MSc Forensic Science graduate from the University of Wolverhampton with hands-on skills in networking, troubleshooting, cloud systems, and IT infrastructure. Experienced in designing networks from the ground up using Packet Tracer — from compact setups to scalable enterprise environments. Self-motivated with exceptional attention to detail and a proven ability to deliver complex technical tasks reliably.

PROFESSIONAL EXPERIENCE

Laboratory Technician — Eurofins May – June 2023

- Performed day-to-day laboratory tasks including sample preparation and precise dilution weighing to identify bacterial presence.
- Coordinated with colleagues to track client orders through every stage — preparation, plating, pouring, and storage.
- Maintained meticulous preparation records, enforced safety protocols, and met all client requirements.

Work Experience — Ridgepoint House January 2022

- Completed fingerprint analysis and produced structured reports within a two-week deadline.
- Collaborated in a team to differentiate bullet casings and establish firearm characteristics from unknown and known samples.
- Communicated with senior colleagues to extract key crime scene details via SMS investigation.
- Upheld chain of custody ensuring evidence was safely stored, correctly labelled, and properly disposed of.

Network Infrastructure & Cloud Services Technician — Netcom Training, Birmingham 2023

EDUCATION

MSc Forensic Science — University of Wolverhampton 2019 – 2022

BSc (Hons) Forensic Science (2:2) — University of Wolverhampton 2013 – 2017

Level 3 National Diploma in Applied Science – DMM (ABB) — Dudley College 2011 – 2013

Level 2 Key Skills — Improving Own Learning — Dudley College 2011 – 2013

BTEC Level 2 Applied Science – MM (BB) — Walsall College 2010 – 2011

Functional Skills in English Entry 3 — Walsall College 2010 – 2011

GCSEs ×6 (C–E) incl. Maths, English & Applied Science — Stuart Bathurst RC High School 2005 – 2010

PROJECTS

- Designed and built networks using Packet Tracer — implementing IP addressing, subnetting, MAC addressing, and multi-device infrastructure for both small and enterprise-scale environments.
